Registration for the semester in the Neptun system
Eötvös Loránd University (ELTE), Faculty of Informatics

Registration for the semester in the Neptun system – Step 0
Go to neptun.elte.hu and switch to English.

Click on “Student web interface” in order to reach the login page of the “student” Neptun. You have to switch to English each time you visit the login page.

Type your username (Neptun-code) and the password in the indicated fields, then click on “Login”.

Aktiválja a Windowszt a Gophettem.
Registration for the semester in the Neptun system – Step 1
Go to Administration and click on Enrollment/Registration.
Registration for the semester in the Neptun system – Step 2

• Under Training you will see your programme, under Admission year the semester when you have started your study programme, under Term all of your semesters in the programme, under Status your student status for each semester.

• If under Status your current semester is listed as New / Non-determined, you are able to register for the semester. Click on the + sign corresponding to the current semester.

Click on „Enroll”.

Registration for the semester in the Neptun system – Step 3

Then, in the popup window you can choose whether you would like to have an Active or a Passive status.

In case of choosing active status you declare that you want to continue your studies and attend the courses you register for. In case you intend to postpone your studies please select Passive status. After making your decision, click Save.

Please note, that in case of „passive“ status you cannot register for courses, you cannot get or renew your student card, you can get neither scholarship, nor residence permit. Self-financing students have to pay only for their „active“ semesters.
Registration for the semester in the Neptun system – Step 4

Neptun will ask you to confirm your personal data. If you find any difference with your relevant data, please notify your coordinator.

If everything is correct, click on „Submit request”. A green tick will show that your registration has been successful.
If you go to Administration -> Enrollment/Registration, you will see your updated Status for the current semester. This means that you have successfully registered for the semester.
